1996: co-sponsored the Defense of Marriage Act, defining marriage as one man and one woman.

1999: voted for a measure prohibiting same-sex couples from adopting children.

2011: "openly hostile" record on gay rights led to a mass protest of students at the University of Michigan against Portman speaking at the graduation ceremony.

"Rob believes marriage is a sacred bond between one man and one woman"—Portman spokesman to Cleveland Plain Dealer at the time of the protest.

Sen. Rob Portman (R-Ohio)

Sen. Rob Portman (R-Ohio)
2013: “I’m announcing today a change of heart for gay marriage...My son came to Jane, my wife, and I, told us that he was gay, and that it was not a choice, and that it’s just part of who he is, and that’s who he’d been that way for as long as he could remember.”

“I’ve come to the conclusion that...[marriage] is something that we should allow people to do...and to have the joy and stability of marriage that I’ve had for over 26 years.”

Portman also mentioned his consultation with former Vice President Dick Cheney, whose own daughter’s coming out: “forced him to re-think the issue too, and over time, he changed his view on it”

1. To what extent does familiarity with members of a certain social group influence people’s views on public policies related to that group?
Size and the shape of the penumbra can relate to the political salience and influence of a social group.
Research questions

1. To what extent does familiarity with members of a certain social group influence people’s views on public policies related to that group?

2. To what extent does the social penumbra of a group—its shape and size—matter for explaining public preferences on key policies?
Penumbras and change in public opinion?

- 2004: Karl Rove puts gay marriage on the ballot in key states to help mobilize mass support in favor of Bush
- 2012: Karl Rove criticizes the Democrats for “using the issue of gay marriage for political gain”
Panel design
- Two surveys administered by YouGov 12 months apart
- 3,000 respondents in wave 1; 2,106 re-interviewed in wave 2
- Penumbra membership in 14 social groups and 8 names
- Attitude questions on 12 related policies
- Also GSS in 2006 and 2014
Group size (area of red circle) and penumbras (areas of black circles indicate close family, close family + close friends, and close family + close friends + others known) compared to the population of American adults (light gray circle).
Number of people with each name (area of red circle) and penumbra (areas of black circle indicates number of people who know at least one person with this name) compared to the population of American adults (light gray circle).

Shades of blue: People in these states are more likely to know someone of that group
Shades of tan: Less likely to know someone of that group
Average number of people known in each group, among Democrats (blue), Independents (purple), and Republicans (red)
Average number of people known in each group, among low, middle, and high-income respondents (indicated by thin, intermediate, and thick lines)
Is penumbra membership associated with group-relevant attitudes?

- Do you think the number of immigrants from foreign countries who are permitted to come to the United States to live should be increased, decreased, or left the same as it is now?
- Do you agree or disagree: Homosexual couples should have the right to marry one another.
- Some are calling for the government to provide tax breaks for family expenditures on care provision for elderly family members. Others worry that such tax breaks would add to the national debt. Do you support or oppose providing tax breaks for care provision to the elderly?
More policy questions related to core groups

- Would you support or oppose a law requiring a nationwide ban on the sale of assault weapons?
- Which comes closest to your point of view: As a general rule, do you think the United States should be willing to use military force around the world, or the United States should be very reluctant to use military force?
- Do you agree or disagree with the following statement: “It is the responsibility of the federal government to make sure that all Americans have healthcare coverage.”
- Etc.
Coefs predicting change in attitude, given entrance into the penumbra

|                | $N$   | $\chi^2$ | E($|t| > 2$) |
|----------------|-------|-----------|-------------|
| Group-relevant issues | 18    | 35        | 0.22        |
| Other issues        | 150   | 157       | 0.05        |
Summary

- Social penumbras are a politically meaningful concept
- Penumbra membership is associated with group-related policy views.
- Entering a penumbra can lead to attitude shifts
- Penumbra’s shape might help explain speed and patterns of change in public opinion
